

ANNOUNCING

**THE ORIGINAL INFRARED THERMOGRAPHY
ADVANCED TRAINING CONFERENCE
AND TECHNICAL SYMPOSIUM**

NEW ORLEANS, LOUISIANA / January 20 – 23, 2019

IR/INFO Conference is a MUST for everyone who wants to maintain an effective Infrared program or service. It is the ONE conference to attend to refresh and improve your knowledge and to gain insight into new technologies and techniques.

**CELEBRATING THE 30TH ANNUAL
ADVANCED TRAINING CONFERENCE & TECHNICAL SYMPOSIUM**

Whether you're the "answer guy" at your facility or a newcomer to the world of thermography, you can't afford to miss IR/INFO, the original infrared conference.

- Make yourself more effective in your job and your company more profitable
- See first-hand current, practical information for today's workplace
- Learn from and network with the world's foremost experienced thermographers
- Return to your job with the latest ideas, solutions and answers in thermography

WHO SHOULD ATTEND

- Thermographers
- Process Control Supervisors
- Maintenance Managers
- Loss Control Specialists
- Reliability Engineers
- P/PM and NDT Personnel
- Manufacturers
- Quality Assurance Inspectors
- Home & Building Inspectors

"A very informative conference, covering a wide range of thermographic applications presented in a professional, well organized format. I plan on being a regular attendee."

OVER 20 OUTSTANDING PRESENTATIONS BY EXPERTS FROM AROUND THE WORLD!

Short Courses

5 Short Courses covering some of today's most challenging topics and issues. Sharpen your skills and broaden your knowledge with:

- 1: Selecting, Specifying, and Purchasing Thermal Imagers
- 2: How to Effectively Use Drones for Thermal Imaging
- 3: Infrared Thermography and the Law
- 4: Temperature Limits for Electrical and Mechanical Equipment
- 5: Promoting and Selling Infrared Inspection Services

All Short Courses are FREE to IR/INFO attendees. Individual short course tuitions and daily rates are available for non-attendees. Register online today.

Other Scheduled Topics:

- New Applications
- Preventive & Predictive Maintenance
- Case Histories
- Latest Equipment Developments
- Standards Update
- Safety Concerns
- Integrate IR with other P/PM & NDT Technologies
- Certification of Personnel

How You Will Benefit:

- Learn New Techniques
- Network with Industry Leaders
- See Latest Developments
- Share Ideas
- Discover New Applications
- Master New Technologies

TRAVEL AND LODGING INFORMATION

The Hotel: The 30th Annual IR/INFO will be held at the Hyatt Centric French Quarter, where you'll become immersed in the true New Orleans spirit from the moment you arrive. The French Quarter neighborhood is welcoming and lively, with a variety of top sights and the Bourbon Street scene within easy walking distance. Located on Iberville Street, the hotel features 254 modern guest rooms, an outdoor swimming pool, and 24-hour fitness and business centers. Dine onsite at Red Fish Grill or Powdered Sugar, enjoy the chic ambience of the Batch Bar, or visit the classic Hard Rock Café. Local world-renowned restaurants, music and entertainment are just steps away. A block of rooms is being held for IR/INFO Conference attendees at a rate of \$155 per night. Register for your room at the hotel before January 2, 2019 to receive this special rate - subject to availability.

Transportation: Louis Armstrong International Airport is less than 30 minutes from the heart of New Orleans. Car rental agencies are located at the airport. Information on taxi or shuttle services can be found on the airport website.

JOIN US FOR THE IR EVENT OF THE YEAR !

Now in its 30th year, IR/INFO is well known within industry as the finest source for infrared information exchange. Infrasppection Institute invites you to join us for four days of learning, networking, and professional development in a relaxed, family friendly atmosphere.

Several conference packages are available including single-day admission and individual short courses, as well as group or corporate packages.

For information, prices, and to register, call 609-239-4788 or visit us online at: www.irinfoconference.com

IR THERMOGRAPHY FOR THE REAL WORLD

Symposium & Exhibit Schedule

Sunday, January 20

- 9:30 am Conference and Exam Registration Opens
- 10:00 am Certified Infrared Thermographer® Exam
- 11:00 am Exhibitor Set-up
- 1:30 pm SuccessIRies™ 201 - Hands-On Workshop
- 4:30 pm Presenters' Meeting
- 6:00 pm Technology Showcase & Open Bar
- 7:00 pm Dinner & Anniversary Celebration

Monday, January 21

- 7:00 am Continental Breakfast
- Technology Showcase Opens
- 8:00 am Welcome & Keynote Address
- 8:30 am Symposium Proceedings
- 9:30 am Networking & Technology Showcase
- 10:15 am Symposium Proceedings
- 10:45 am Short Course 1
- 12:00 pm Lunch, Networking & Technology Showcase
- 1:00 pm Symposium Proceedings
- 2:30 pm Networking & Technology Showcase
- 3:15 pm Short Course 2
- 5:00 pm User Group Meetings - Business Opportunities Meeting

Tuesday, January 22

- 7:00 am Continental Breakfast
- Technology Showcase Opens
- 8:00 am Symposium Proceedings
- 9:30 am Networking & Technology Showcase
- 10:15 am Symposium Proceedings
- 10:45 am Short Course 3
- 12:00 pm Lunch, Networking & Technology Showcase
- 1:00 pm Symposium Proceedings
- 2:30 pm Networking & Technology Showcase
- 3:00 pm Exhibitor Breakdown
- 3:00 pm Symposium Proceedings
- 3:45 pm Short Course 4
- 5:30 pm IRINFO Group Social

Wednesday, January 23

- 7:00 am Continental Breakfast
- 7:30 am Symposium Proceedings
- 9:30 am Break
- 10:00 am Symposium Proceedings
- 11:00 am Short Course 5
- 12:15 pm Closing Remarks
- 12:30 pm Lunch

Technology Showcase

Our Technology Showcase will include leading manufacturers, distributors and service providers in P/PM and NDT technologies. Exhibitors from past IR/INFO Conferences will be returning along with many new firms. These industry leaders will be providing the latest information and demonstrating state-of-the-art advances in their products. Some will also be sharing their technical knowledge via symposium presentations.

Technology Showcase is open to everyone at no charge. To participate in any other IR/INFO activities, registration is required.

Attention Families and Guests

Family and guests are invited to participate in the Conference activities. Join us for Pre Conference Activities, Welcome Dinner and Anniversary Celebration, the IRINFO Group Social or any of the other events. Please visit our website for details of events and to register.

SuccessIRies 201 - Hands-On Workshop

One of the most challenging steps for a thermographer is leaving the classroom and using an infrared imager in the real world. While thermography is a science, it is also an art or craft requiring a skilled human operator for both conducting the inspection and interpreting the data obtained. This event allows students to work with experienced instructors in small groups. Concentration will be placed on basic infrared techniques and common applications, and is intended for anyone wishing to have hands-on time with infrared imagers. Participants may bring their own imagers or share with someone in the group.

Special Offer

Attend the 30th Annual IR/INFO and receive a tuition voucher for up to a 100% discount on an Infrasppection Institute Certified Infrared Thermographer® training course.

Offer may not be combined with any other discounts or offers. For more information visit www.irinfoconference.com or call us at 609-239-4788.

INFRASPECTION INSTITUTE CERTIFIED INFRARED THERMOGRAPHER® EXAM

Students who have completed their Distance Learning within the past year may register to take the Infrasppection Institute Certified Infrared Thermographer® exam on Sunday at no cost. Those taking their exam are invited to join us for the IR/INFO Welcome Dinner on Sunday evening.
